ISSUED BY:

The Vandalia Railroad (VRRRC) 9003 Fuel Surcharge (FSC) will be calculated via a variable, percentage-based formula as described below. This FSC will apply to all local and joint-line traffic moving on all public and private price authorities that reference the 9003 series tariff.

The fuel surcharge shall apply on the following traffic:

- 1) All carload traffic, as noted, originating on the VRRRC.
- 2) Carload traffic, as noted, originating at stations on carriers other than VRRRC, received at interchange points by VRRRC, and handled beyond such interchange points via VRRRC under AAR Accounting Rule 11 billing.
- 3) All carload traffic, as noted, originating at stations other than VRRRC, received at interchange points by VRRRC where rates are contained in VRRRC pricing documents, and freight charge billing is performed by VRRRC.

The foregoing surcharge will be billed to the payer of the freight charges.

### **FUEL SURCHARGE CALCULATION**

In the event the average price per gallon of highway diesel fuel (HDF) (as determined below) equals or exceeds \$2.400 per gallon, the fuel surcharge will be calculated by multiplying the respective percentage per the chart below against the VRRRC portion of the line haul rate for the shipment. The fuel surcharge shall be applied to applicable shipments beginning the second month following the month the HDF average price calculation was based. (example: the fuel surcharge applied on March 1<sup>st</sup> would be based on the January HDF average price)

The HDF average price for a given calendar month is reported on the U.S. Energy Information Administration web site ([www.eia.gov](http://www.eia.gov)). Should the Energy Information Administration cease reporting the price of Retail Diesel Fuel (On-Highway), Pioneer Lines will employ an appropriate substitute source of price or measure.

The fuel surcharge will begin at 1.0% of the line haul freight at \$2.400 per gallon and will increase 0.5% for every additional \$0.10 cents per gallon. The following schedule provides the new Fuel Surcharge within the noted HDF Average Price:
